My picks under certain budgets

Under 20k – Motorola g86 5g

Best for daily users , haves avg camera , for casual gaming

(its upcoming)

Best for gaming

Under 50k

oneplus nord 6 all over great and allrounder but mostly targeted towards gaming best performance with great battery life (if wants one plus only and mix daily use)

pick under 50k for gaming is iqoo neo 10 why – cueerntly at 45k havess 8sgen4 processor with 7000mah battery and it is capable of 144fps stable gaming haves 8gb of ram and 256gb of storage

under 40k

poco X8 pro currently at 40k with 8gb of ram and 256gb of storage it haves dimensity 8500-ultra processor with 6500mah of battery and it is capable of120fps stable gaming

speciality- comes with 100watts of charger and haves special dynamic RGB lights

under 30k

realme P4 5g currently slightly above at 33k with 8 gb of ram and 256gb of storage it haves dimensity 7400 processor with 7000mah of battery along comes with 80w charger haves screen of 144hz refresh rate but it is capable of 90fps stable gaming

best for camera

under 50k

vivo v60 5g currently at 45k but haves one drawback it haves 8gb of ram and 1228gb of storage

but it haves 50mp+8mp+50mp (main, ultrawide , telephoto) and 50mp front camera

if wants Samsung

Samsung galaxy S25 fe currently at 53k but chances of getting under 50k it haves 12mp ultrawide , 50mp main , 8mp 3x optical zoom (telephoto) and 12mp front specks wise not to

crazy sounding but Samsung image processing is great but haves 4900mah battery and base variant at 8gb ram and 128gb of storage

If want google pixel specific

Google pixel 10a currently at 47k and haves 48mp main and 13 mp ultrawide but its coming soon and negative is don't have great processor as it haves tensor G4 processor but it is good for day to day usage and it comes with 5100mah batter so good deal under 50k

Under 40k

Motorola edge 70pro it comes with 50mp main , 50mp ultrawide and 50mp front and haves 4k 60fps to under 40k its not common currently at 40k haves 8gb ram and 256gb of storage

Under 30k I didn't get that currently I'll share as I get it

All rounders currently Motorola I got under budget that's are really an good for money but ill also share of other brands

Under 50k

One plus nord 6 (that I have mentioned earlier)

And another is moto edge 70pro plus it haves same Speks as edge 70pro but haves 50mp telephoto camera and it haves wireless charging and haves 12gb of ram also at base variants

Under 40k

It is an Motorola edge 70pro that I have little bit covered up their

Under 30k

(Again a moto I will find if any other brands are their but currently it is best)

Motorola edge 60 pro it is currently at 33k have chances of getting under 30k it haves dimensity 8350extream then 50mp main , 50mp ultrawide and 50m p telephoto and 50mp front camera to and also haves 6000mah battery to with 90w charger and 15w wireless charging to that's why it is currently best in 30 or 35k I would say
